CENTRAL INTELLIGENCE AGENCY

~~SECRET~~Organizations in South Gorlos Forward Banner

5. In the regions of South Gorlos Forward Banner not occupied by the Nationalists, the Chinese Communists and the Mongols have joined together to set up the following Public Will Organization. This is the basis of accomplishing the Chinese Communist policy.

General Union Association --- of Various Fields

- Common Peoples' Society (also called Fan Shen Hui 翻身會)
- Womens' Association
- Farmers' Association
- Industrialist Association
- Commercial Association
- Cooks' Association
- Tailors' Association
- Juvenile Association

6. The Ta Tung Society is an organization that originated in South Gorlos Forward Banner after the surrender. It is a type of political revolutionary group in Mongol society with the important elements being made up of Mongols. The principal "back-bone" members are the Mongol intelligentsia youths. Initially it started with the purpose of opposing other races, but later, with the penetration of Chinese Communist influences, the aim and methods changed to those for improving Mongol welfare. Because of the overly enthusiastic activities of this Society, its reputation became very bad. There are substantial differences between the Ta Tung Society and those of the Wangyehmiao faction, but in South Gorlos Forward Banner the leaders of the Ta Tung Society carry the greatest influence.
